# Provider Farms, LLC

## Raw Cow And Goat Milk

Our family's mission is to produce, provide, and serve. Together—we work through the challenges of farming in the desert so we can grow and make all of our own products.

## **Our Products**

- Cow Milk
- Goat Milk
- Cow Milk Cream
- Raw Honey
- Raw Milk Cheese
- Yogurt
- Ice Cream
- Goat Milk Soap
- Granola
- Raw Butter

## **To Place an Order**

From our website:  
[www.providerfarms.com](http://www.providerfarms.com)

Call/text: 208.591.0388

Email:

## **About our Cows**

We pasture feed our Jersey cows, and supplement with non-GMO hay and kelp. To keep them still while milking, we feed them a bowl of non-GMO grain. The cream in the milk separates. Skim it off the top or shake it to mix it in.

## **About our Goats**

We also pasture feed our Alpine, Saanen, and La Mancha goats, and supplement with minerals and non-GMO feed. We give them and a bowl of non-GMO grain to keep them still during milking. Goat milk does not separate like cow milk, but still good to shake it before drinking.

## **Idaho State License**

We are licensed by the State of Idaho (ISDA) to sell raw milk. All of our dairy products are tested regularly to ensure it is clean and safe.

If the milk is kept cold, it will last a week or more. We sell it in plastic or glass.

## **Ordering in Glass**

1. We sell half gallon jars for \$2 and quart jars for \$1.
2. The price of the jars is included in your first purchase. After that, return your empty jars, and we will exchange them one for one.
3. We will refund any jars you return.
4. Return all lids.
5. No need to sanitize the jars, we take care of that. Simply rinse them and allow to air dry before putting the lids back on.
